PROFILE

Passionate Frontend Developer with a goal to use my skills effectively in modern technology and contribute to global growth. Seeking an exciting position in a reputable organization to prove my capabilities.

WORK EXPERIENCE

Frontend Developer (React Js, Next js, Flutter)

VSD Technologies Pvt. Ltd. - SAP Gold Partner

September 2024 - Present

- Brought website concepts to life by independently developing and deploying the project, managing the entire process from development to deployment on testing servers.
- Implemented responsive and user-friendly interfaces across the entire project for various devices.
- Resolved bugs, improved performance, and applied SEO enhancements for better search visibility.
- Proactively learned new technologies and best practices, contributing to continuous improvement and team success.

Frontend Developer (React Js)

Identixweb Limited

March 2023 - July 2024

- Collaborated extensively with design teams, ensuring the seamless transformation of conceptualized website ideas into dynamic and functional realities.
- Employed advanced optimization techniques to enhance the overall performance of web applications, contributing to a more efficient and responsive user experience.
- Designed and implemented user-friendly website interfaces, catering to the diverse needs of mobile, desktop, and tablet users.

Frontend Developer Intern

Provitious Technologies

July 2022-December 2022

- Teamed up with designers to bring website concepts to reality.
- Made home and landing pages more efficient for better user experiences.
- Designed and implemented website interfaces for various devices.
- Demonstrated a proactive approach to learning, consistently acquiring new skills and insights to enhance personal and professional development during the internship. This commitment to continuous improvement contributed to a more enriched and effective contribution to the team's objectives.
